a weekly briefing

The News.

The varsity girls volleyball team faced off against the varsity boys team Nov. 14 in the Farmer Gym. The boys team won 3-0, marking the final match of the fall sports season that was followed by the end-of-season celebration.

Varsity captain Sara Khan ('24) said she enjoyed playing against the boys team because it was the only opportunity for the teams to come together.

"We always see them at practice every day, and it's really fun to actually get to play with them," Khan said. "It's really just something that's for the students, and it's always a lot of fun every year."

Tryouts have taken place this week for winter sports with matches scheduled to begin after Thanksgiving Break.
